PROFILE

Learning Experience Designer and Instructional Designer with 20+ years turning complex, highly technical material into clear, structured and measurable digital learning. PhD candidate in applied linguistics and language-learning design at the Universitat Politècnica de València (enrolled 2026–2027), researching human versus AI/LLM metadiscourse in short-form teaching content and how to teach responsible AI use. Designs full-cycle eLearning on recognised frameworks (ADDIE, SAM, Agile) with gamification, microlearning and scenario-based practice; embeds SCORM and xAPI so learning is measured on real results; builds accessibility (WCAG, UDL) in from the first storyboard; and runs a documented human + AI governance model. Bilingual EN/ES.

CORE COMPETENCIES

- Compliance and regulated technical training — converts SOPs and procedures into audit-ready courses (EHS, MedTech/manufacturing): job/task analysis with DIF, measurable objectives (Bloom/Mager), zero-error mastery gates, Kirkpatrick L1–L4, SCORM 2004/cmi5/xAPI evidence trails.
- AI-enabled learning design — governed AI tutors (six-agent architecture under "Measure, Not Decide"), custom GPTs, AI practice and role-play design, AI/avatar video (Synthesia).
- E-learning authoring — Articulate 360 (Rise, Storyline); gamification, microlearning, scenario-based and spaced-repetition practice.
- Measurement and evaluation — xAPI profile and statement design, SCORM 2004, cmi5, LRS, learning analytics, Kirkpatrick L1–L4.
- Stakeholder discovery — needs analysis to written proposal; CEFR-anchored curriculum design; vILT, CBT and performance-support delivery.
- Accessibility — WCAG 2.1/2.2 AA, Universal Design for Learning, European Accessibility Act.

EXPERIENCE

Learning Experience Designer & Instructional Designer — Self-employed, Spain (remote) · 2019 – present

- Design and develop full-cycle eLearning (technical and non-technical) with ADDIE, SAM and Agile, gamification, microlearning and scenario-based practice; author in Articulate 360 (Storyline, Rise).
- Write criterion-referenced objectives (Bloom + Mager) and design assessment and Kirkpatrick L1–L4 evaluation with the content; embed SCORM 2004, xAPI and cmi5 and connect LMS data with learning analytics.
- Build accessibility (WCAG AA) and Universal Design for Learning from the first storyboard; run a documented human + AI governance model with EU AI Act Art. 50 disclosure.

- TK CoachAI (in development, private) — AI voice tutor for business English (app owner Talketika; software by Orkelia). Designed the CEFR learning architecture, the MLLDE implementation, and the knowledge bases, prompts and guardrails of its six AI agents under "Measure, Not Decide": AI returns evidence against human-written descriptors, code computes every number, a teacher decides. Internal pilot: 2,536 xAPI statements, 147 completed sessions; scoring formula confirmed in 106 of 106 sessions.
- Academic Writing Journey — six-level gamified academic-English course (B2→C1) built with SAM and IPO cycles; instructional design + web accessibility scored 10/10 with zero navigation errors in usability testing.
- Chemical Spill Response SOP — compliance/EHS microlearning from a procedure: job/task analysis with DIF, zero-error mastery gate, Kirkpatrick L1–L4, SCORM 2004/cmi5/xAPI, job aid and checklist, EN/ES.
- Client projects — corporate training redesign for Netex Learning (2025); conversational Spanish curriculum, CEFR A1–B1, for Madarina Spanish (2024).

Spanish Tutor (AVE Global) & Accredited DELE Examiner — Instituto Cervantes · 2021 – present · remote

- Personalised, CEFR-aligned Spanish learning paths and digital resources on AVE Global; standardised DELE assessment (A1 for schools, A2/B1).

English as a Second Language Teacher — CBS, The British School of Seville · 2021 – 2024

- Cambridge exam preparation (B1–C1) for adult and school learners.

Language Teacher — ESL, Cambridge & DELE — Various institutions · 2004 – present

- 20+ years teaching English and Spanish to adults, in person and online (incl. vILT); CEFR-aligned paths and rubrics; Cambridge (B2 First, C1 Advanced) and DELE preparation.

Lecturer in ESP & Scientific English, and Scientific Content Writer — Universidad de Oriente (UDO), Venezuela · 2007 – 2012

- Taught English for specific purposes to adults (hotel/tourism, marine biology, accounting) and trained professionals as university teachers; wrote and reviewed English scientific content (dentistry, marine biology) for high-impact peer-reviewed journals.

EDUCATION

PhD, Languages, Literatures and Cultures and their Applications — Universitat Politècnica de València (UPV) · enrolled 2026–2027

- Research: a mobile-learning design framework examining human versus AI/LLM metadiscourse in short-form teaching content on social media, and how to teach responsible AI use. Director: Prof.ª Mª Luisa Carrió-Pastor; co-director: Prof. Ricardo Casañ-Pitarch.

Master's Degree in Languages and Technology, Didactics specialisation — UPV · 2025–2026 · GPA 9.53/10

- Master's thesis "Disciplinary Variation in Metadiscourse Use across Master's Thesis Abstracts" (Hyland taxonomy, 6 subcorpora), graded 10/10. Director: Prof.ª Mª Luisa Carrió-Pastor.

Licenciatura en Educación, mención Inglés (University English Teaching, curriculum) — Universidad de Los Andes (ULA), Venezuela · 1999–2004 · Summa Cum Laude

- Recognised in Spain by the Ministerio de Universidades (2018–2020).

CERTIFICATIONS

- Articulate 360: Certificate of Completion (Storyline & Rise) — 2026.
- Instructional Design Fundamentals — University of Cambridge (Professional & Continuing Education), 2025.
- Instructional Design: Course Planning and Pedagogy — UC Irvine (Continuing Education), 2025.
- Digital Content Creation, Mobile Learning & Gamification — SEPE, 2024.
- Corpus Linguistics and New Technologies — Lancaster University (edX), in progress, 2026.
- AP Stylebook Workshop Certificate — The Associated Press, 2024.
- CELTA — University of Cambridge, 2019; English C1 Advanced (CAE) — Cambridge.
- Accredited DELE Examiner — Instituto Cervantes.
