PROFILE

Learning Experience Designer and Instructional Designer with 20+ years turning complex, technical material into clear, measurable digital learning. Designs full-cycle eLearning (ADDIE, SAM, Agile) with gamification, microlearning and scenario-based practice; embeds SCORM 2004, xAPI and cmi5; builds in accessibility (WCAG, UDL); and runs a documented human + AI governance model. PhD candidate in applied linguistics and language-learning design at the UPV (enrolled 2026–2027). Bilingual EN/ES.

CORE COMPETENCIES

- Compliance and regulated technical training (EHS, MedTech): SOP-to-course, job/task analysis with DIF, measurable objectives, zero-error mastery, Kirkpatrick L1–L4.
- AI-enabled learning design: governed AI tutors ("Measure, Not Decide"), custom GPTs, AI practice/role-play, AI/avatar video (Synthesia).
- Authoring and engagement: Articulate 360 (Rise, Storyline), gamification, microlearning, scenario- and spaced-repetition practice.
- Measurement and evaluation: xAPI profile/statement design, SCORM 2004, cmi5, LRS, learning analytics.
- Stakeholder discovery to written proposal; CEFR-anchored curriculum design; vILT, CBT, performance support.
- Accessibility: WCAG 2.1/2.2 AA, Universal Design for Learning, European Accessibility Act.
